

Take My Word For It!

By FRANK COLBY

WORDS TO WATCH

Overheard in a theater lobby: "And I'm going straight to bed just as soon as I wrench out some stockings."

It is strange that rime should suggest the pronunciation "wrench." But it is a fact that many persons of good education speak of "wrenching" the dishes, stockings, underwear, and even their hands, despite the fact that the verb wrench means "to twist violently."

Be sure to rhyme rime with "prince, mince," say: rime.

The word euphuism describes a style of speaking that is affected and overrefined, and which, I might add, the average American finds extremely distasteful.

A euphuism being heard with increasing frequency on the radio is the erroneous pronunciation of "in" in such names as Polk, Walker, Palmolive, Norfolk.

In English, the "i" of alk, alk and -alm is always silent, polk rhyming with "joke," walk rhyming with "jawk," etc.

There are two exceptions, however: yolk (of an egg) is sometimes heard with the "i" sounded, though it is not best usage, and polka, a Polish word which entered English through the French, is properly pronounced: POLE-kah, though most Americans, even musicians, say "POE-kah."

Big crops and good prices left a wheat farmer not long ago with \$200 cash in the bank. Said he: "If I don't invest this in inflated land values, what can I do with it to insure myself a steady farm income after the war? For \$150 a month, or \$1,800 a year in Bonds, you can begin to collect ten years after the war \$200 a month. As you will be getting older by that time, wouldn't that be a better supplement to what income the farm then produces than having to turn again to the cream can and what your wife can make out of chickens? Wouldn't it be a nice retirement fund for a fellow that is now 35 years old? Wouldn't you like to have had \$200 a month cash coming in last time?"

In addition, if you can put in two years after the war \$200 a month. Bonds a lump-sum as reserve for operations in bad years, for deferred purchase of equipment, for repairs, for up-keep, for new household equipment, and then whatever the postwar adjustment, you would have an easier time of it than you had last time.

You wouldn't have to wait on somebody's extra special plan; you would have already completed one of your own.

If you are proud of the independence of your occupation, and of the idea of preserving as much of it as possible, don't create and speculate—order WAR BONDS!
